SCHOOLWIDE COMPONENT: STAKEHOLDER ENGAGEMENT *ESEA §1114(b)(2)(B)(ii)*

ESEA §1114(b)(2)(B)(ii): "The comprehensive plan shall be . . . - developed with the involvement of parents and other members of the community to be served and individuals who will carry out such plan, including teachers, principals, and administrators (including administrators of programs described in other parts of this title), and, if appropriate, pupil services personnel, technical assistance providers, school staff, and, if the plan relates to a secondary school, students from such school;"

Stakeholder/Schoolwide Committee

Select committee members to develop the Schoolwide Plan.

Note: For purposes of continuity, some representatives from this Comprehensive Needs Assessment stakeholder committee should be included in the stakeholder/schoolwide planning committee. Identify the stakeholders who participated in the Comprehensive Needs Assessment and/or development of the plan. Signatures should be kept on file in the school office. Print a copy of this page to obtain signatures. **Please Note:** A scanned copy of the Stakeholder Engagement form, with all appropriate signatures, must be included as part of the submission of the Schoolwide Plan.

Stakeholder/Schoolwide Committee Meetings

Purpose:

The Stakeholder/Schoolwide Committee organizes and oversees the Comprehensive Needs Assessment process; leads the development of the schoolwide plan; and conducts or oversees the program's annual evaluation.

Stakeholder/Schoolwide Committee meetings should be held at least quarterly throughout the school year. List below the dates of the meetings during which the Stakeholder/Schoolwide Committee discussed the Comprehensive Needs Assessment, Schoolwide Plan development, and the Program Evaluation. Agenda and minutes of these meetings must be kept on file in the school and, upon request, provided to the NJDOE.

* Please note that the Harrison Public Schools, as a result of a needs assessment performed over ten years ago, dedicates the bulk of Title I funding to class size reduction and extended day/year programs. These initiatives alone account for approximately eighty-five percent (85%) of the grant's budget. Another significant portion of the budget during these same years has been dedicated to staff development. To this end the district provides a minimum of twenty (20) hours annually to teacher training. This plan was monitored, reviewed and approved by the NJDOE in 2008. As a result, the principal purpose of annual stakeholder meetings is dedicated to reviewing overall student progress and staff needs for professional development, while leaving intact the class size reduction and extended day/year programs.

SCHOOLWIDE COMPONENT: STAKEHOLDER ENGAGEMENT *ESEA §1114(b)(2)(B)(ii)*

School's Mission

A collective vision that reflects the intents and purposes of schoolwide programs will capture the school's response to some or all of these important questions:

- What is our intended purpose?
- What are our expectations for students?
- What are the responsibilities of the adults who work in the school?
- How important are collaborations and partnerships?
- How are we committed to continuous improvement?

What is the school's mission statement?	Our vision statement is encompassed by our expected student goals and objectives reviewed annually. They are: 100% Graduation Rate; 90% Passing Rate – Language Arts 90% Passing Rate – Mathematics 0% Dropout Rate.

SCHOOLWIDE COMPONENT: EVALUATION ESEA §1114(b)(2)(B)(iii)

24 CFR § 200.26(c): Core Elements of a Schoolwide Program (Evaluation). A school operating a schoolwide program must—(1) Annually evaluate the implementation of, and results achieved by, the schoolwide program, using data from the State's annual assessments and other indicators of academic achievement; (2) Determine whether the schoolwide program has been effective in increasing the achievement of students in meeting the State's academic standards, particularly for those students who had been furthest from achieving the standards; and (3) Revise the plan, as necessary, based on the results of the evaluation, to ensure continuous improvement of students in the schoolwide program.

Evaluation of 2014-2015 Schoolwide Program *

(For schools approved to operate a schoolwide program in 2014-2015, or earlier)

1. Did the school implement the program as planned? Yes.
2. What were the strengths of the implementation process? Excellent staff buy-in and assistance.
3. What implementation challenges and barriers did the school encounter? Many new initiatives.
4. What were the apparent strengths and weaknesses of each step during the program(s) implementation? Bulk of funding dedicated to class size reduction and extended day/school year; therefore little leeway
5. How did the school obtain the necessary buy-in from all stakeholders to implement the programs? Consultants.
6. What were the perceptions of the staff? What tool(s) did the school use to measure the staff's perceptions? That this would benefit our students.
7. What were the perceptions of the community? What tool(s) did the school use to measure the community's perceptions? That the school was making a bona-fide effort to improve.
8. What were the methods of delivery for each program (i.e. one-on-one, group session, etc.)? Varied.
9. How did the school structure the interventions? According to student need.
10. How frequently did students receive instructional interventions? On an ongoing basis.
11. What technologies did the school use to support the program? Laptop carts.
12. Did the technology contribute to the success of the program and, if so, how? Will know more this year.

2015-2016 Comprehensive Needs Assessment Process* *Narrative*

1. What process did the school use to conduct its Comprehensive Needs Assessment? A thorough examination of report card results, end of trimester results, common assessment results and an analysis of final grades was accomplished by the committee in order to establish priority problems.
2. What process did the school use to collect and compile data for student subgroups? Earlier HSPA results were disaggregated by the NJDOE while awaiting PARRC testing results. Final marks were disaggregated by the staff.
3. How does the school ensure that the data used in the Comprehensive Needs Assessment process are valid (measures what it is designed to measure) and reliable (yields consistent results)? Results are professionally scored by trained staff on the state and the school level.
4. What did the data analysis reveal regarding classroom instruction? Improved instructional methodologies are required.
5. What did the data analysis reveal regarding professional development implemented in the previous year(s)? Professional development should be provided for improved instructional techniques.
6. How does the school identify educationally at-risk students in a timely manner? Based on standardized test results, teacher recommendation and grades, at-risk students are earmarked for additional help during the after-school and summer school programs.

SCHOOLWIDE COMPONENT: COMPREHENSIVE NEEDS ASSESSMENT ESEA §1114 (b)(1)(A)

7. How does the school provide effective interventions to educationally at-risk students? After school and summer school programs are afforded these students.
8. How does the school address the needs of migrant students? Passing rates for all subgroups are affected by the performance of migrant and limited English proficient students within the subgroup.
9. How does the school address the needs of homeless students? N/A
10. How does the school engage its teachers in decisions regarding the use of academic assessments to provide information on and improve the instructional program? A thorough examination of the state mandated test results, classroom grades, and teacher recommendations.
11. How does the school help students transition from preschool to kindergarten, elementary to middle school, and/or middle to high school? Transition activities are coordinated between buildings.
12. How did the school select the priority problems and root causes for the 2015-2016 schoolwide plan? Consultations with stakeholders.

SCHOOLWIDE COMPONENT: Reform Strategies ESEA §(b)(1)(B)(i-iii)

24 CFR § 200.26(c): Core Elements of a Schoolwide Program (Evaluation). A school operating a schoolwide program must—(1) Annually evaluate the implementation of, and results achieved by, the schoolwide program, using data from the State's annual assessments and other indicators of academic achievement; (2) Determine whether the schoolwide program has been effective in increasing the achievement of students in meeting the State's academic standards, particularly for those students who had been furthest from achieving the standards; and (3) Revise the plan, as necessary, based on the results of the evaluation, to ensure continuous improvement of students in the schoolwide program.

Evaluation of Schoolwide Program*

(For schools approved to operate a schoolwide program beginning in the 2015-2016 school year)

All Title I schoolwide programs must conduct an annual evaluation to determine if the strategies in the schoolwide plan are achieving the planned outcomes and contributing to student achievement. Schools must evaluate the implementation of their schoolwide program and the outcomes of their schoolwide program.

1. Who will be responsible for evaluating the schoolwide program for 2015-2016? Will the review be conducted internally (by school staff), or externally? How frequently will evaluation take place? Stakeholders
2. What barriers or challenges does the school anticipate during the implementation process? Many new initiatives
3. How will the school obtain the necessary buy-in from all stakeholders to implement the program(s)? Consultants
4. What measurement tool(s) will the school use to gauge the perceptions of the staff? Direct feedback from staff
5. What measurement tool(s) will the school use to gauge the perceptions of the community? Direct feedback from the community
6. How will the school structure interventions? According to student needs
7. How frequently will students receive instructional interventions? On an on-going basis
8. What resources/technologies will the school use to support the schoolwide program? Laptop carts
9. What quantitative data will the school use to measure the effectiveness of each intervention provided?
10. How will the school disseminate the results of the schoolwide program evaluation to its stakeholder groups? At stakeholder meetings

SCHOOLWIDE COMPONENT: FAMILY AND COMMUNITY ENGAGEMENT *ESEA §1114 (b)(1)(F)*

ESEA §1114 (b)(1)(F) Strategies to increase parental involvement in accordance with §1118, such as family literacy services

Research continues to show that successful schools have significant and sustained levels of family and community engagement. As a result, schoolwide plans must contain strategies to involve families and the community, especially in helping children do well in school. In addition, families and the community must be involved in the planning, implementation, and evaluation of the schoolwide program.

2015-2016 Family and Community Engagement Narrative

1. How will the school's family and community engagement program help to address the priority problems identified in the comprehensive needs assessment? The PTO is also a voice for the parents. Registration and Residency also provide necessary district information.
2. How will the school engage parents in the development of the written parent involvement policy? They are involved in its review.
3. How will the school distribute its written parent involvement policy? The Parent Compact is part of the annual HS student-parent handbook.
4. How will the school engage parents in the development of the school-parent compact? They are involved in its review.
5. How will the school ensure that parents receive and review the school-parent compact? The Parent Compact is part of the annual HS student-parent handbook. It is also placed on the district website.
6. How will the school report its student achievement data to families and the community? Individual test results are sent home. For Grades 9-12 they are sent home with the final report cards. For HSPA the individual results are sent home upon receipt.
7. How will the school notify families and the community if the district has not met its annual measurable achievement objectives (AMAO) for Title III? Information is presented to the Board of Education and to parents at Visit School sessions.
8. How will the school inform families and the community of the school's disaggregated assessment results? As above, during evening meetings, BOE meetings, and PTO sessions.
9. How will the school involve families and the community in the development of the Title I Schoolwide Plan? They are members of school level committees.
10. How will the school inform families about the academic achievement of their child/children? As above, during evening meetings, BOE meetings, and PTO sessions.
11. On what specific strategies will the school use its 2015-2016 parent involvement funds? There was a multi-cultural evening, Character Education day and evening programs, Read Across America parental volunteer week's programs, etc.

SCHOOLWIDE: HIGHLY QUALIFIED STAFF *ESEA §(b)(1)(E)*

ESEA §1114(b)(1)(E) Strategies to attract high-quality highly qualified teachers to high-need schools.

High poverty, low-performing schools are often staffed with disproportionately high numbers of teachers who are not highly qualified. To address this disproportionality, the *ESEA* requires that all teachers of core academic subjects and instructional paraprofessionals in a schoolwide program meet the qualifications required by §1119. Student achievement increases in schools where teaching and learning have the highest priority, and students achieve at higher levels when taught by teachers who know their subject matter and are skilled in teaching it.

Strategies to Attract and Retain Highly-Qualified Staff

	Number & Percent	Description of Strategy to Retain HQ Staff
Teachers who meet the qualifications for HQT, consistent with Title II-A	100%	Targeted and ongoing professional development by the district.
Teachers who do not meet the qualifications for HQT, consistent with Title II-A		
Instructional Paraprofessionals who meet the qualifications required by <i>ESEA</i> (education, passing score on ParaPro test)	100%	Targeted and ongoing professional development by the district.
Paraprofessionals providing instructional assistance who do not meet the qualifications required by <i>ESEA</i> (education, passing score on ParaPro test)*		

* The district must assign these instructional paraprofessionals to non-instructional duties for 100% of their schedule, reassign them to a school in the district that does not operate a Title I schoolwide program, or terminate their employment with the district.

SCHOOLWIDE: HIGHLY QUALIFIED STAFF *ESEA §(b)(1)(E)*

Although recruiting and retaining highly qualified teachers is an on-going challenge in high poverty schools, low-performing students in these schools have a special need for excellent teachers. The schoolwide plan, therefore, must describe the strategies the school will utilize to attract and retain highly-qualified teachers.
